BREATHITT HONORED

Made Chairman of The Republi-
can Convention at Lex-
ington.

Taylor Had Everything in a Sling
—Platform Breaks Down—
Bradley Absent.

Lexington, Ky., July 12.—The
Republican State Convention to-day
completed all its work except the
adoption of a platform and the nomi-
nation of a ticket.

The Taylor men have had their
way in everything to-day—at the
district meeting, the committee
meetings and in the convention.
They have the permanent organiza-
tion as completely as they had the
temporary organization, and have
reconciled the colored element by
making a negro secretary of the
convention.

The Stone and Pratt men are still
holding secret conferences at mid-
night, and it is reported that Judge
Pratt may accept the nomination
for Attorney General. But Col.
Stone has declined a minor place
and does not want Judge Pratt to
go on the ticket. Efforts are said
to have been made to-day to get
Gov. W. O. Bradley to come over
from Frankfort and address the
convention, but it is not expected
that he will accept the invitation.
The convention will conclude its
work to-morrow.

Platform is Ready.

The Committee on Resolutions is
ready to report.

Civil service reform is not indor-
sed in the plank commending Presi-
dent McKinley for his recent modifi-
cation of the civil service rules.
The platform favors the prosecution
of the war in the Philippines to a
successful termination, and the
final settlement of all questions re-
lating to the new possessions. The
resolutions strongly indorse the ad-
ministrations of President McKin-
ley and Gov. Bradley.

Vincent Boreng was temporary
chairman.

During the afternoon session an
accident came near causing a stamp-
ede. The stage was overcrowded
and cracked, but it did not give
way. A new platform was erect-
ed in another part of the hall
during the recess, and it was ready
for the evening session.

The credentials committee reported
at 10 o'clock at night.

The Hambrick-Todd delegation of
Louisville was not seated and was
refused fractional representation.
This anti-Taylor delegation return-
ed to Louisville before the evening
session. There was no minority
report and the report was adopted
unanimously.

Permanent Chairman.

The Committee on Permanent Orga-
nization reported Judge James
Breathitt, of Hopkinsville, for
Chairman and Albert S. White, col-
ored, of Louisville, for Secretary.
Judge Breathitt addressed the con-
vention on the issues of the cam-
paign and especially on what he
styled "Goebelism."

A parliamentary debate on the
adoption of the report of the Rules
Committee took up the remainder
of the session and was not conclud-
ed, when a recess was taken till 9 a. m.

Taylor Nominated.

Lexington, July 13.—Taylor for
Governor and John Marshall for
Lieut. Gov. have been nominated,
and the ticket will be completed in
time to adjourn to-night.

COLORED VICTIMS.

Fever Causes Death of One—Teeth-
ing The Other.

Two deaths have occurred among
the colored population this week.
Willie Leavell, aged 24 years, died
in the city Tuesday of fever. She
had been sick for several weeks.

An infant of John Smith died near
Church Hill Wednesday from the
effects of teething.

PACK OF LIES.

Such Was The Louisville Post's
Alleged Report.

More Than a Dozen Goebel Men

Written Up as Bolters—All
Hands Repudiate the
Interview.

The Louisville Post is sending a
special correspondent over the
State hunting for alleged bolters.
This correspondent, Mr. Irvin S.
Cobb, was here a week ago and
sent in a two column letter from
Hopkinsville, misrepresenting the
facts here in a most outrageous
manner. This was not done igno-
rantly, for many Democrats gave
him a true statement of the little
disaffection existing in Hopkins-
ville. Although he knew the con-
trary to be true, he accused a list
of 42 prominent Democrats of being
bolters, claiming that there were
hundreds of the same sort and that
the county would go Republican
by from 1500 to 1700 majority. In
order that the public may under-
stand the kind of lies the Post is
printing in these letters, we have
taken the pains to examine into the
Hopkinsville list, which is clipped
from the Post:

"In a few minutes the following
list of Democrats with anti-Goebel
leanings was compiled here in Hop-
kinsville. All are citizens of this
place, and all are either gold or
silver Democrats. Nearly all are
outspoken against the boss, and
nearly all will either vote against
him or stay away from the polls.
A few while opposed to Goebel will
probably shut their eyes and vote
the ticket. The list is as follows:
E. M. Flack, J. K. Forbes, Bob
Green, J. B. McKenzie, Dr. James
Rodman, Judge Winfrey, James
Moore, Dr. Frank Stites, George
Campbell, Charles F. Jarrett, Allen
Wallis, Allen Wallis, Jr., George
Graves, W. T. Tandy, Gus Young,
John Young, J. C. Woodbridge, W.
S. Davison, L. H. McKee, F. L.
Wilkinson, Henry C. Richards, Ma-
jor Ferrell, John G. Ellis, S. E.
Trice, John B. Trice, Thomas M.
Jones, R. C. Hardwick, M. H. Tan-
dy, J. S. Moore, J. O. Cooper,
Charles A. Thompson, Henry C.
Gant, Archie S. Gant, J. P. Braden,
Judge McCarroll, A. P. Crockett,
Dr. A. E. Bentley, Dr. R. L. Wood-
ward, Prof. Edmund Harrison,
John Bullard, Ben Rawlins and
James Forbes.

Hundreds of others, as prominent
and almost as prominent, might be
named, but these men serve to show
that the best interests and best
class of citizenship in this section
is arrayed on the side of decent
politics."

Of the 42 men named, 31 are gold
men and 11 voted for Bryan. Of
the latter class Geo. Campbell,
Allen M. Wallis, Sr., H. C. Rich-
ards, J. O. Cooper, R. C. Hardwick
and J. B. McKenzie repudiate the
alleged interview in toto. They
did not see Cobb, nor authorize any
one to speak for them.

Mr. Wallis, Mr. Hardwick, Mr.
Richards and Mr. Campbell were
indignant and are trying to find
out who published them as bolters.

Mr. W. S. Davison, another silver
Democrat, is out of town and Cobb
could not have seen him.

Three or four others could not
be found yesterday. Jas. V. Forbes,
of Laytonsville, was the only one
of the silver Democrats seen who is
against Goebel, though one or two
others may not vote. Not one is
going to vote for Taylor.

Of the gold Democrats, Prof.
Harrison, L. H. McKee, A. P.
Crockett, and several others are
for Goebel straight out, and many
others of the list were seen and re-
pudiated the interview, while not
committing themselves. Some said
they might conclude to vote for
Goebel and nearly all of them de-
clared that they would not vote for
Taylor. Among these are Dr.
Jas. Rodman, John Bullard and

ICE CREAM SUPPER.

Prize Cake Sells For \$23 and Won
Miss Vada Dickerson.

Bennettstown, July 9.—There was an ice-cream supper at the residence of Mr. P. E. Sherrill last Wednesday night, given for the benefit of McKenzie Kirk.

The young ladies who had tables and served the cream were Misses Katie Moss, Vivian Brame, Gertie Wall, Lena McGee, Jessie Stevenson, Minnie Farnsworth and Mary Pattillo. They deserve great credit for the charming manner in which they entertained their guests. The beautiful yard was lighted up with Japanese lanterns and the tables were decorated with flowers and vines. There was a large crowd in attendance and the girls were lovely in their pretty evening dresses.

Mrs. Jacob Sherrill, whose beauty and grace make her all that is desirable in a hostess, did all that was in her power to make the evening a success.

Mrs. F. M. Girard was hostess for the older portion of the crowd. Miss Quentin Moss had charge of the lemonade and acted "Rebekah at the well" to perfection.

Miss Gussie Young had a handsome cake, which was given to the most popular young lady. The cake sold for the almost marvelous price of \$23 and Miss Vada Dickerson, the fortunate lady in this spirited contest.

The combined proceeds of the evening amounted to \$60.

The supper was given by the society known as "The Willing Workers."

Hon. Jas. A. McKenzie and Mr. Jas. S. Ewing, of Bloomington, Illinois, were visiting here last week.

Miss Lou Sherrill, is visiting her sister, Mrs. M. P. Collins, at Trenton.

Miss Quentin Moss is visiting Mrs. Jas. A. McKenzie, at Oak Grove.

Miss Lula Dickerson has returned from a visit to Trenton.

Mr. Elie Brame has returned from Colorado.

RESTRAINING ORDER

Issued to Prohibit Former Pastor Harding From Entering Bellevue Christian Church.

Newport, Ky., July 6.—Judge Hodge has issued a restraining order preventing the Rev. R. D. Harding from entering the Bellevue Christian church, of which he was pastor. The suit was filed by the trustees of the church, who allege that through his influence many quarrels arose among the members; that he used insulting language from the pulpit and wrote letters to members of the church in disrespectful terms. This condition, they aver, continued for four years; and last month they adopted a resolution dispensing with his services. The petition further alleges that on June 25, 1899, the defendant went to the church, and, finding the doors locked, he forced them open and preached; that he was then expelled from the church on June 27, 1899, but on the following day he got in and attempted to hold services, but wound up by assaulting several persons, while three others, who came with him, assaulted the leaders of the choir, and another assaulted and choked a lady member of the church. They also ask that all books and records in his possession be returned. The injunction was granted and will be heard July 15.

CHOKED BY A BLACK SNAKE.

Amateur Charmer in Louisville Cured of His Fad by the Attack of One of His Pets.

Louisville, July 10.—Lucien Moore, a prominent young man, whose tad is snakes, had a painful experience. He had caught a big black snake and was proudly showing his friends how he had subdued the reptile, when the snake made a leap for his head.

It seized firmly on Moore's lip, while its slimy coil was wrapped around his neck. No amount of pulling and pinching would induce the snake to let loose. Some one suggested that the best way of saving Moore's life would be to cut off the head of the snake, but Moore objected, fearing that the head would continue its grip.

Another member of the family finally came to the rescue with a sharpened stick, with which the snake's jaws were forced apart and Moore's lips liberated. He says he is through with snakes.

Want of love or the want of money is at the bottom of all our troubles.

Persons troubled with diarrhoea had better consult the experience of Mr. W. A. Bush, clerk of Hotel Dorado, Bismarck, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by R. C. Hardwick, Druggist.

What Makes Your Hair Gray?

Gray hair is starved hair. The hair bulbs have been deprived of proper food or proper nerve force.

Ayer's Hair Vigor

Increases the circulation in the scalp, gives more power to the nerves, supplies missing elements to the hair bulbs. Used according to directions, gray hair begins to show its original color in a few days, and soon it has all the softness and richness of youth. \$1.00 a bottle. At all druggists. If you do not obtain all the benefits you expect from the Vigor, write the doctor about it.

PACK OF LIES.

(Continued from First Page.)

others. Mr. C. A. Thompson and Mr. Allen Wallis, Jr., are not in town and Cobb could not have seen them. The 31 gold men will nearly all vote at least a part of the Democratic ticket. We doubt if there is one on the list who will vote the straight Republican ticket. At least one-half of them will vote the straight Democratic ticket, though some of them ask that their names not be used in connection with this statement.

Now comes the worst part of the whole slander. Not a single man in the list published has been found who saw Cobb, or in any way authorized the publication. All agree at this point. Mr. Cobb has been traced to the office of a ward politician who has not voted a Democratic ticket for years and who probably furnished the "information" from which the list was "compiled."

If any Democrat who has so far forgotten himself as to read the Post has been misled by the publication sent in from Hopkinsville, he may give the matter no further attention. There was so little truth in the article that no statement in it is entitled to any credence. The whole thing is a pack of lies.

Health of North Main Street.

It has been whispered within the last few months that North Main street, north of the rock bridge, was unhealthy. A low soft whisper at first but grew louder as it was wafted to the breeze.

Nothing is more absurd. I know that during 12 to 15 years there was but one case of typhoid fever on the street, a little girl who recovered and during that time only four deaths, one of old age, two children and one case of consumption. During this period of 14 years there lived not less than 20 families and not less than 100 persons. I can further say and will be corroborated by the physicians of the city that there is and has been less sickness on North Main street than in any other location in the city of the same number of inhabitants.

I may add that no better, law abiding neighborly people can be found anywhere and they are noted for their attention to each other and those elsewhere in the city when needed. It is the healthiest and most pleasant place to reside to be found in the city.

I write this in justice to the good people that live there and for the benefit of all interested. There is no place in the city so free from disturbance or that gives less trouble to the authorities. Nearly all own their homes and pay whatever may be expected of them in way of taxes and get small benefits in the way of street or other improvements; not as much as ten dollars has ever been expended in this way during one time named. A few hundred dollars expended on North Main would benefit all the citizens of North Christian and those of the city that drive out to Hopewell and other points. These suggestions I give on my own responsibility.

SETTLED AT LAST.

Electric Light Company Gets the Contract Again.

Gas Company Refused a Franchise by the City Council Monday Night.

The City Council held an adjourned meeting Monday night and refused to grant an electric light franchise to the Hopkinsville Gas Company, which desired to put in a bid for supplying the city with 60 electric lights.

The Hopkinsville Electric Light Company now has the contract for 40 lights at \$92 each. The Gas Company asked to be allowed to bid on the new contract and a sale of franchise was ordered and bought at \$3 by the Gas company; upon the acceptance of this report, the council by a vote of 6 to 1 refused to sanction the sale and grant the franchise.

It was claimed that it would create a monopoly to let the Gas Company have the electric light contract, as the Electric Light Co. would be forced out of business and the people would be left without the advantages of competition in private lighting. This, coupled with the fact that the Electric Light Co. offered to renew their contract at \$82, a saving of \$600 on 60 lights, induced the Council to refuse the Gas Company the right to bid on the public lighting.

Mr. W. T. Tandy, of the Gas Co., made the following statement to a representative of the KENTUCKIAN: "The Gas company claims that they were done an injustice in not being allowed to bid upon the street lighting, as is the universal custom in other cities. As to any supposed excessive charges, they agree in their franchise to be limited to \$80 per light, while the present charge is \$92. They say that by the introduction of gas engine, to run their dynamos and the latest electrical apparatus, they could afford to furnish the lights for less than the \$80. As to any supposed monopoly, they insist that there could be no greater monopoly extended to the Electric Light Company than to debar any interference with their city contract by refusing to admit competition and as to running them out of business the Gas Company claims that the Electric Light Company could continue in business as they themselves have done for the past five years, since losing the city lighting and as Electric Lighting Companies do in many places where a competitive company may have the city contract."

The council devoted a good deal of time to the matter, as the contest was waged with vigor by both companies. On the final vote Dr. Bentley was the member who voted in the minority.

Messrs. Wallace & Moore, agents of the Mutual Benefit Life Ins. Co., of Newark, have an advertisement in the KENTUCKIAN that should be carefully read by every person interested in insurance. They show by actual figures that a big saving can be made by insuring in their company, other companies having raised their rates very materially. Their company is one of the best and strongest in America and has assets valued at \$67,000,000. It is conspicuous for Economical Management, Large Dividends, Liberality of its Policy Contract and Fair Dealing with its Members.

PRESS MEETING.

Annual Meeting at Henderson This Week.

The annual meeting of the Kentucky Press Association was held at Henderson Tuesday and Wednesday. The attendance was small, less than 60 papers being represented.

No business meetings were held. Tuesday afternoon a brief session for organization was held. The Mayor delivered an address of welcome which was responded to by Mr. H. A. Sommers and after enrolling those present the meeting adjourned.

Tuesday night an enjoyable excursion was taken to Evansville and return, on the steamer Jewel and the dancing barge attached. There was dancing, nice refreshments were served and the affair was the feature of the meeting.

Wednesday morning the visitors were shown the city and the cotton mill and in the afternoon visited the Henderson Brewery's plant. In one of the intervals, a brief meeting was held and officers elected. Mr. John H. Westover, of Williams-town, First Vice President, became President; Second Vice President R. W. Brown, of the Louisville Times, was promoted to first place, the position he vacated expiring by limitation. R. E. Morningstar was re-elected Secretary.

The Henderson people entertained the Association in a most hospitable manner. Messrs. John A. Lyne, Jno. C. Riley and Fred Haag, of the local press, were especially attentive to the visitors.

Only two news papers were admitted to membership. It takes \$7 to get into full fellowship this year, \$5 for admission to new members and \$2 for annual dues instead \$1 as heretofore. This may have had something to do with reducing the attendance, which was much smaller than usual.

STRONG MARKET.

Both Leaf and Lugs Hold at Good Prices.

The tobacco market this week was again very active and stronger on all grades of leaf, while lugs sold at good prices. The week's advance over last week's figures, however, but prices on all of the week sold were very satisfactory to both buyer and seller. Receipts are still heavy. Rejections this week were small, as compared with the sales, which amounted to nearly six hundred hogheads.

Following is the inspectors' report for the week:

HALF PRICE-

All of our beautiful Silk Stripe Challies, formerly sold at 30c. We offer them now at the almost give-a-way price of 15c. Challies are held in high favor in the up-to-date circles, nothing makes a softer, prettier dress; dressing sacque; or tea gown. Buy them now.

COLORÉD PIQUES.

15 pieces full 30 inches wide, a most splendid fabric, fast colors, Extensively used this season, to close we offer them at 10c, less than half price, formerly sold at 25c.

HALF PRICE.

Fancy dots and stripes DRESS LINENS. Splendid for full dresses and shirt waist. At these prices it brings them down as cheap as Percales, and they wear and laundry twice as well, beside they are far more elegant and stylish. Don't you want some of them.

HALF PRICE.

See the goods and price them.

HALF PRICE-

The slaughter continues and the knife cuts half in two all of our beautiful colored FRENCH ORGANDIES. This brings them down to the price of a common muslin. We may be over enthused, but we don't see how a yard of these goods can remain in our house 24 hours at these prices. Pray tell us, where, and in what else, can you invest a dollar and get the value of two dollars in return.

Not only do the above EXTRAORDINARY MONEY SAVING VALUES prevail here, but let us impress you with the stern fact that, throughout our large double stores, including Dry Goods, Notions, Fancy Goods, Millinery, Carpets, Furnishing Goods, Shoes, etc. We are offering our stocks AT COST and many articles as above, FAR BELOW COST OF MANUFACTURE, and why such a sacrifice you may ask, we answer. Our reason is two fold; in the first place, we prefer, in fact need the money, and in the second place the plans for the repairs on the interior of our store room are now in the hands of the architect, and the goods must be sold out of the way, but for these two facts, to be candid we would prefer to keep the goods rather than make such sacrifices, but in the marts of trade GAIN is not always master, too unfrequently is it the fact that loss, over-balances gain and is found on the debit side of the Ledger. Certain it is, that the gain is all overred on your side and the loss all on our side during this sale, if a single doubt exists in your minds upon this point, that doubt will surely be dispelled if you will come to our store, see and price the goods. Other people are buying them and count themselves fortunate to be able to save so much money, why not you? You do not want to pay more for the same goods than your neighbor do you? We think not.

DR. B. W. STONE.

Has moved from Nashville to
Louisville.

Dr. Barton W. Stone, formerly Superintendent of the Western Asylum at this place, has moved from Nashville to Louisville. For the last two or three years he has been conducting "The Morningside Retreat," a small sanitarium in the suburbs of Nashville, for the treatment of mental diseases. He has found need for a larger field in his line of professional work and has accordingly leased a large building in Louisville and moved to that city about two weeks ago. He calls his institution Beechhurst Sanitarium and Dr. Stone's reputation will soon bring him a big patronage from those who do not want to confine their loved ones in the regular asylums.

Miss Marion Lander, of this city, who was matron at Nashville, goes with Dr. Stone to Beechhurst in the same capacity.

Sterrett On the Kissing Bug.

The "kissing bug" is the latest thing out. It is an insect that flies straight at one's mouth, and after landing similar to the warm end of a horset, leaves the lips looking like a horse collar. Between the chintzbug, the goldbug, the bedbug and this latter day specimen, life in the duocle region will be a continual round of thumps and spasms, likened only to the "lifting" nose made by your neighbor when filing a crosscut saw.—Hawesville Clarion.

The Pembroke Democrats are "true blues," and if they undertake the matter as they are arranging to do the success of the success of the affair will be assured in advance.

The Kind of Bottle.

Our old and valued friend, Dr. A. S. Weir, of Tompkinsville, thinks that he has a cinch on fortune with his invention of a non-refillable bottle. Perhaps so.—The Times sincerely hopes so. But if our good friend is positively determined to sprinkle salt on the tail of Fortune with a big F, let him invent a bottle that is not only refillable, but that will refill itself.—Jim Richardson.

The Fourth of July as a day of patriotic celebration is beautiful; as a day of noise and peril it is an unholy terror.

When a boy turns his bulging pocket inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory-nuts, an apple, and many more articles are garnered by this "snapperup of unconsidered trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Doctor Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked and so reliable that disease is at once experienced, and the headaches, liver "troubles," kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured, whenever the use of a laxative medicine is harmony with the "Discovery" and assists its action by purging the bowels of food accumulations.

THE KISSING BUG

Melanolestes Makes His Appearance at Evansville.

Kissed a Lady Who Caught Him in the act and Then Suffered Tortures.

Evansville, Ind., July 10.—The "Kissing bug," the Melanolestes Picipes of the entomologists, has reached Evansville. The first victim was Mrs. Edward McGee, of 113 Walnut street. She was sitting by a lamp Sunday evening when she felt a sudden sting on her upper lip. The pain was not so severe as the sting of a bee, and instantly recognizing the cause of the trouble she captured the insect and taking off the lamp chimney imprisoned the bug. It was taken to a drug store, where it was recognized as the kissing bug. It is nearly related to the common bed bug, the larvae of melanolestes bearing an almost exact resemblance to the bedbug. The kissing bug bites any part of the body with which it comes in contact, but it is only the upper lip that swells and causes the intense pain that is complained of by the victims.

Melanolestes is about half an inch long, of a dark brown color, and has a sharp beak, with which the bite is inflicted. It is an insect eater, and bites the human subject only by accidental contact.

A Case in Hopkinsville.

Johnson Major, a colored barber, was bitten on the neck while asleep, by an insect his physician thinks was a kissing bug. His neck was much swollen.

Payton, of the Baptist church, performed the ceremony in the presence of a number of friends and relatives of the couple.

As soon as the ceremony was pronounced Rev. Pate and his bride left for Chicago and from there they will go to Lake Macinac, Mich., where they will spend several weeks. After their bridal tour they will return to this city and visit relatives for a month before going to Jackson.

It was at first thought that he had been fatally injured, but he was reported much better an hour after the accident occurred, and his many friends hope that his recovery may be speedy.
